

Special Edition Cellular-Modem Equipped Fluke 1750 Power Quality / Energy Monitor

Get Fluke's flagship power quality and energy monitor, shipped in a carrying case with voltage cables, current probes and PC software.

The **POWERetc**-exclusive, special edition includes a built-in cellular modem. With this time and labor saving feature, you can configure the instrument, receive reports and download data to your computer without ever leaving your office!

- Get this Fluke 1750 complete with all the necessary accessories and PRO-Flex 3-range (100/1000/5000A) probes
- Make just one trip to install the system and a final trip to remove the meter at completion of monitoring
- Static IP browser via cellular modem for control, configuration and data retrieval
- No trips to service the Fluke 1750.
Check the data anytime from the safety of your desk
